### **Orientations:**

\*ICP holds several orientations at the beginning of each academic year. They are important in orienting candidates to ICP and its policies. While classes are always held on Wednesdays, we have to offer several of these important orientations on other days. Please note the orientation schedule during the first two weeks of September:

**Wednesday, September 5th: First Year Orientation** **9-10 AM**

**Wednesday, September 5th: 2nd year meet-up** **12-1:00 PM**

**Thursday, September 6th: Patient Assignment Orientation** **3-4 PM**

**Friday, September 7th: ICP Orientation** (attend only one) **9-11 AM or 6-8 PM**

### **Fourth Year Presentations:**

Candidates in the fourth year traditionally present their Psychoanalytic Case Formulations on various Wednesdays during the 3:00 PM sessions. As candidates sign up for a date to present, the calendar will be updated and resent by email.
